

EUSDR PA 8 COMPETITIVENESS

Ideas and Plans for Embedding Activities

Field of Greentech / Circular Economy / Circular Bioeconomy.

Idea for Embedding Activities in the area of EU SDR Priority Area 8 in 2025 Field of Greentech / Circular Economy / Bioeconomy

What do we have?

- EUSDR PA 8 Working Group Circular Economy and Circular Bioeconomy
- Contract Identification of 10 Lighthouse Projects in the Danube Region in the field of Greentech, CE and Bioeconomy
- Contract Implementation of a workshop to promote the lighthouse projects in the frame of a bigger conference
- Biggest conference in the field of Resource Efficiency and Circular Economy is taking place yearly in Stuttgart
- Funding for a project development workshop available
- Funding for project development available

Idea / Draft

Resource Efficiency and Circular Economy Congress on 22./23. Oct. 2025 in Stuttgart

For **two days**, free insights into **trends** and an **overview of topics**, **specialist discussions** and **presentations on practical examples** as well as plenty of space for **networking** on **climate protection**, **resource efficiency** and the **circular economy**.

Formats: From **exhibitions** and **20 forums** to **5 plenary sessions** - you choose.

Idea / Draft

Resource Efficiency and Circular Economy Congress on 22./23. Oct. 2025

➔ *Invitation to stakeholders from all 4 EU MRS*

Integration of Workshop Lighthouse Projects Greentech / Circular Economy / Bioeconomy into the **Congress**

Organisation of a Workshop Project Development and Integration into the **Congress**
with overview over funding opportunities, Identification of interests, needs, knowledge of participants, develop ideas together, introduce Seed Money Projects in the field (IN4SeRMAT, RuBio)

Request for an offer for project development
published by EUSDR PA 8 directly after the **Congress**
One contract up to € 50.000 plus tax (only for EUSDR stakeholders ??)

➔ ***Main goal: Development of Projects funded by
Horizon Europe, I3 Instrument or other programmes***

Possible side effect: Further cooperation of stakeholders from all 4 EU MRS possibly in PA 8
Working Group Circular Economy and Bioeconomy

Possibly Organisation of Meeting of EUSDR PA 8 Working Group Circular Economy and
Bioeconomy at the same time in Stuttgart // or in 2026 in the frame of next Congress ...

Challenges

- Congress is currently taking place in German language only
 - in order to internationalise the Congress, we are asked to contribute
 - currently clarifying with JS if we can use PAC funding for Interpreting
- Organiser of Congress must be 100 % convinced to go with us this way together

- Finding partners for project development workshop
 - Interact?

Thank you.

Carmen Hawkins
Coordinator of EUSDR PA 8
Ministry of Economic Affairs, Labour and
Tourism Baden-Württemberg
